LOCAL NEWS.

Ice cold Beef Tea, at Taylor's.
W. E. Eads returned from Payson on Friday.
Heavy rains on Wild Rye and upper Tonto.
W. E. Spence returned from Green Valley on Thursday.
The Board of Supervisors resume their sessions on Monday next.
Judge H. B. Summers returned to Florence yesterday, after a week's sojourn here.

Dr. S. D. Pangburn, late resident physician at San Carlos, is in San Francisco.

Paymaster Cox will arrive at San Carlos to-day to pay off troops and discharged scouts.

A general court martial will soon sit at San Carlos for trial of such business as may be brought before it.

Fred Riley reopened the skating rink last night with a dance that was well attended and highly enjoyable.

Messames William and Frank Middleton, accompanied by Willis Middleton will leave for Flagstaff on Monday.

To-day completes fourteen months since the Chiricahuas, under the lead of Geronimo, entered upon their raid against the whites.

The Golden Wonder mine, in the immediate vicinity of Payson, is regarded as valuable property and is being vigorously developed.

Dr. W. H. Cook, who was called to Green Valley last Saturday, to attend Mrs. Meadows, returned on Friday. The lady had greatly improved before he left.

Alex Pendleton and Dick Barclay who came in from Cherry creek on Tuesday, report that a heavy hail storm visited that section the fore part of last week. Showers of rain have since fallen, sufficient to insure good grass.

Attention is called to the card of Dr. Albert S. Adler, a graduate of the University of Berlin and Medical College of the Pacific, San Francisco, who will make Globe his place of residence. Office in the building north of Keller's store.

Mr. Alfred Peters, of Tempe, was in town this week looking after the interest of the Hayden Milling Co., of which he is a member. Mr. Hayden, having paid off all claims against the old firm, has resumed operations with Mr. Peters and A. C. Webster as partners.

The storm of Tuesday extended to Salt river. There was considerable rain accompanied by high wind that did some damage to property and growing crops. The roof of a building on P. C. Robertson's ranch was split in two and the section carried a distance of sixty feet.

A letter from Donald Robb, dated New York, July 5th, announces that he would leave that evening for San Francisco, where his business will detain him about four weeks, and on his return trip will probably make a brief visit to Globe. He will be welcomed by his friends here.

The recently elected School Trustees organized by electing Charles Schulze Clerk, and taking such other steps as was deemed necessary to give effect to the requirements of the law pertaining to the rules and regulations for government of schools. Present—Patrick Shanley, Wm. Middleton and Charles Schulze.

W. M. Griffith, of Dripping Springs ranch, accompanied by Mrs. Stidkey and Miss Daisy Woodson spent several days in town the present week. Mr. Griffith rejoices at being relieved of the stage business between Globe and Florence and will now give most of his time to looking after his cattle.

We are informed that a number of persons at Green Valley, complain of not receiving the Belt. A good many have received our paper gratuitously, never having responded to bills sent them. We wish it understood by subscribers at Green Valley and elsewhere that their papers will be stopped if they do not pay up.

Jerry Hayward, writing from Benson, informs us that engine and construction cars for the Narrow Gauge R.R. passed there on the 11th inst. An officer of the new road assured him that they would build to Globe within six months. Jerry is running a board between Riverside and Benson, going through in 24 hours and connecting with all trains.

INDEPENDENCE DAY AT GREEN VALLEY.

A communication from Payson, Green Valley, describing the celebration there on the 5th inst., is unavoidably crowded out. Our correspondent writes that they had an old fashioned barbecue, Mr. Houston having furnished a fine ox. The ladies made donations of substantial edibles and a variety of delicacies, making a royal feast. There was speaking by Judge Wm. Durr and Wm. Houston, presiding officer of the day, followed by singing of national songs; reading of a patriotic poem by Miss D. Ellison; reading of Declaration of Independence by U. Z. Curtis; recitation, "American Flag," by Miss Lela Ellison and a fine oration by Wm. D. Caffery, orator of the day. In the evening a ball was given at Cresswell's store, which proved a highly enjoyable affair. The committee that so successfully planned and carried out the day's programme was composed of Frank Bissig, William Houston and Henry Thompson. Among the ladies in attendance were Mesdames Sidles, Landing, Bowers and Miss Ella Landing, Misses Ellison, Miss Minnie Thompson and Misses Birchett.

On Tuesday the flood gates of heaven were opened and rain fell in torrents for more than an hour, soaking the parched earth and reviving drooping humanity, worn out by the excessive heat of the previous two weeks. Would-be weather prophets had better reserve their predictions of a dry summer until the season for rain is past. There is no need of alarm as yet on that score. Our wet season seldom commences earlier than the middle of July. In the summer of 1884 the first shower fell during the week ending July 12th. Up to August 2d there were complaints of drought from all parts of the Territory. Good rains fell here August 7th, 8th and 9th. Last year we had a shower on June 27th and fine rains during the week ending July 26th.

Several good races were run on Tonto the 3d. The big event, between Houston and Watkins, did not come off, as the latter's horse flew the track and the race was forfeited. There was a very good contest, however, between animals belonging to the same parties, which was won by a short head by Houston's nag. Another race was between horses belonging to Jack Pemberton and George Baine, won by the former.

At the regular meeting of Globe Lodge No. 6, I. O. O. F., on Monday night, the following officers for the ensuing year were installed: Job Atkins, N. G.; W. W. Brookner, V. G.; Chas. Harker, Sec'y; Alonzo Bailey, Treas.; A. Graydon, R. S. N. G.; John Henck, L. S. N. G.; W. H. Cook, C.; W. Walters, W.; E. J. Trippel, R. S. S.; N. P. Salter, L. S. S.; E. L. Benbrook, R. S. V. G.

"Friendship is but a name, a charm that lulls to sleep," and so thought Dixon Barclay upon meeting a bear in the Sierra Anchas, which endeavored to embrace him. Dick wanted to quit the presence of bruin, but the latter would not have it so and followed the ranchero to his cabin and had its nose skinned by the sudden slamming of the door when attempting to enter.

NOTICE.—In compliance with new order of Commissioner Sparks, we have been appointed legal agents of the Old Dominion Copper Mining Company for the delivery of their lumber and wood. We shall, not replenish but discontinue our lumber yard and after June 1st, 1886, accept no orders for the lumber and wood unless the parties constitute us their legal personal agents for that purpose.
Jm E. F. KELLER & Co.

NOTICE.
All members of the Democratic Central Committee of Gila County, are hereby requested to meet in Globe, on the 31st inst. There is business of importance which requires their attention. A full attendance is earnestly desired.
W. A. HOLMES,
Chairman.

A large delegation of Salt river and Tonto cattlemen were in town the present week, in response to summons to appear before the Board of Equalization, to show cause why the number of their cattle assessed should not be raised. The proof was lacking, however, and the original assessments stand.

TERRITORIAL TOPICS.

Condensed from Our Exchanges for "Silver Belt" Readers.

A geological survey is being made of the country containing the petrified forests in Apache county, Arizona.

Four companies of colored recruits for the Tenth Cavalry, from Jefferson Barracks, Mo., have arrived at Fort Lowell.

Mr. Newton Sheldon, of Pinal, was here this week, and we learned from him that the Specie Paying mill is again running on Woodpecker ore.—Enterprise.

The valuation of property in Phoenix has increased \$100,000 during the past year. Property, generally, has increased in about the same proportion throughout Salt River Valley.—Salt River News.

The Courier states that Governor Zuleik has received the report of Dr. Clark, of the asylum at Stockton, stating that the expense of maintaining seventy insane patients of Arizona is \$22,000 per year. This added to the expense of transportation, etc., will make over \$30,000.

Sheriff E. O. Shaw assumed the duties of his office to-day, (10th inst.) the suit having been compromised. Mr. Paul receiving all the emoluments up to July 1st. Sheriff Shaw has made the following appointments so far: Under Sheriff, John H. Finch; jailer, Charles Kresham; guard, Miles B. Gifford. There will be other changes made in a few days and new deputies appointed. Mr. Shaw was fortunate in his selection of under sheriff.—Tucson Citizen.

It is rumored, apparently on good authority, that the smelters of the Copper Queen, at Bisbee, will be temporarily closed down on the 1st prox., for the purpose of making some changes in the machinery. There are, at present, two 30-ton water jackets and it would be an economical move to replace these by one 60-ton furnace. Concentrators will also probably be put in. Owing to the very low prevailing price of copper, the company has not disposed of any of its product for eight months past. Part of it has been shipped to New York and part is stored at Fairbanks.—Tombstone Epitaph.

A Wise Reform.

The habit of administering quinine in powerful doses, as an antidote to malarial maladies, was once dangerously common. Happily this practice has undergone a wide reform. Not only the public, but professional men have adopted, not wholly, of course, but largely, Hostetter's Stomach Bitters as a safe and reliable substitute for the pernicious alkaloid. The consequences of this change are most important. Now fever and ague sufferers are cured—formerly their complaints were only for the time relieved, or half cured—the remedy eventually failing to produce any appreciable effect, except the doses were increased. A course of the Bitters, persistently followed, breaks up the worst attacks and prevents their return. The evidence in favor of this sterling specific and household medicine is of no ambiguous character, but positive and satisfactory, and the sources whence it proceeds are very numerous.

The Phoenix Herald says: We understand that parties in Phoenix were so anxious to administer on the estate of Mr. A. A. Ward, deceased, that notice of application to administer was struck up around town before his funeral notices were published. That rather gets away with the hyena.

B. G. Fox came up from San Carlos yesterday and will remain here a few days. He reports everything running smoothly at the Agency.

W. H. Sutherland and George Blair, cattlemen, from the south side of Pinal mountain, were in town the present week.

Mr. James Wiley is having an addition built to his residence, which will add to its convenience and comfort.

The Fame Silver Mining Company have been hauling ore to the Nugget mill for a week.

The first grapes of the season were brought in from Mesa City on Thursday.

There will be a special meeting of the White Mountain Lodge this evening.

WHAT WE DO.

Every day people living in the
country are learning more and
more to get their things of dress
and personal need of the city mer-
chants. It is they who have the
greatest variety of goods, the fresh-
est styles and the lowest prices—the
three things necessary to the
most successful buying.

By means of SAMPLES and
ILLUSTRATED CATALOGUES
and by aid of long experience and
skill in filling orders, we are able
to place the advantages offered our
city trade equally within reach of
out of town customers.

As to cost of sending goods to
and fro, we might add that trans-
portation charges have been so
reduced that they hardly figure
in the handsome saving usually
gained.

Have you doubts as to the
merits of this system of trade?
Try it!
